Dear Mr. Bruce:

On behalf of the Chesterbrook Affordable Assisted Living Facility Task Force, I want to thank you very, very much for giving of your time to testify in support of our project at the Planning Commission and Board of Supervisors hearings. It was certainly gratifying to have the support of so many fine organizations.

The road to Board of Supervisor approval was a long and arduous one, but it is behind us and now the fun can begin. Our goal is to break ground in spring 2005.

Thank you again for your support.

Sincerely,
